

We have known Jim Gerold, for almost Twenty Years and can attest to his Professionalism in the Building and Renovation of Private Homes.

Having purchased a 65 Year Old Italian Palladian Villa, in Brookville, in need of A Complete Renovation, Jim drove up our driveway into the Courtyard, stepped out of His Truck and immediately put his ladder against our home and examined our Flat Roof That needed his help badly. Thus began a 2 ½ Year Restoration of our Entire Estate House that has been called the Last Great Home Built on the North Shore of Long Island.

Jim, with the help of an architect, Mike Geyer, Our Kitchen, Bathrooms, Pool House, Garage and Every Room in Our New Home, all in keeping with the Original Brilliant Design by One of the Most Famous Designers in Europe known as Paladio.

His Workmanship is Simply Unmatched; indeed better then the Original Moldings, Cabinets, Woodwork and Room Designs. After over 17 Years, his work Endures and has attracted an historian that wrote a book on the Great Homes on The North Shore. I have personally examined other Major Projects by Jim and his is a Treasure for anyone that wishes, The Best of the Best!
